Fortis provides a robust platform that meets the customers' payment needs as they grow. Customers can choose which components they need to run their business based on the complete stack of capabilities within the Fortis payments platform. Fortis can elegantly solve customer problems by enabling specific platform capabilities to uniquely build a solution.

As a **Sage Preferred Tech Plus Partner**, Fortis combines the latest payment technology with industry-leading expertise to elevate your Sage 100 solution and provide more value to your customers. As a Sage Recommended Solution and a Sage Tech Partner Plus, Fortis simplifies the payment process for you and your customers.
